**Appearance:**

Golden yellow wine.

Clean, bright and crystalline appearance. Good glycerine legs.

**Nose:**

Fragrant, very pleasant aroma. Aromatic nose of medium intensity. Prevalence of floral notes (white flowers) and ripe fruit, both white fruit: quince, pear san juan, etc ... as tropical fruits: passion fruit, pineapple, etc ... all on a background of smoked and honey. Noted for its complex aroma, subtle and delicate, where the touch of wood with fruit is fully rhythmic.

**Palate:**

Very pleasant. Entry into sweet, enveloping, spacious, with touches roasted sweet tooth and mouth. The fruit appears restrained, fair. It is smooth and silky with a balanced acidity. Nice and fine smoky aftertaste.

Bodied white wine, round and balanced in the mouth, inviting you to their consumption.

**Pairing:**

It shows great aptitude to accompany different dishes. It is a perfect match of young and semi-cured cheeses, olives, smoked tapas, carpaccio, fresh salads, cold soups and mushrooms. Especially suitable with fish, rice and seafood in general. It is an appropriate choice for artichokes and asparagus.

Being a full-bodied white wine can accompany meats.
